What is a National School of Character Showcase?

A Showcase is a live tour into a School of Character. Every year the number of National Schools of Character grows (now over 500) and the Showcase is an opportunity to highlight a school that has implemented the *11 Principles of Effective Character Education* and experienced significant impact. During the Facebook live broadcast from Lawton, OK, Eisenhower High School will share their story of community impact to inspire others to invest in the Schools of Character process.

The event will be from 3:45 to 4:15 p.m. on September 21st.

Invest in Character

Eisenhower has seen a significant increase in attendance and cut In School Suspensions in half.

"In almost 40 years as a professional educator, I have not been part of a more meaningful experience than the Schools of Character process. The use of the *11 Principles* has helped us to evaluate ourselves in such a way that it elevated us to the next level in developing a true culture of good character. More than an award and being certified as a School of Character, the *11 Principles* have become a tool for continued improvement at Eisenhower High School."

Charlotte Oates , Principal
Eisenhower High School, Lawton, OK
